## **Foreword**

Pursuant to Law No. 45/2012 of 14/01/2013 on organization, functioning and competence of the Council of Pharmacists; we are pleased to introduce the third edition of the register of pharmacy professionals in Rwanda.

The Rwanda National Pharmacy Council (NPC) is dedicated to improve pharmacy profession in Rwanda; and collaborate with various public and private institutions in the mission to protect the public health. The NPC is mandated to register pharmacy professionals in Rwanda and has obligations to ensure that they comply with rules and regulations applicable to the pharmacy profession.

It is a professional and moral obligation for all pharmacists and pharmacy technicians to register with the NPC and this register is produced in order to inform the general population on who is registered in Rwanda as a pharmacy professional.

This document is updated and released on annual basis not later than 31<sup>st</sup> July of each year.

We hope that this fourth edition of the register of pharmacy professionals in Rwanda will be a great help in a bid to protect and promote the public health.
